

Name: _____ Date: _____

One more, one less

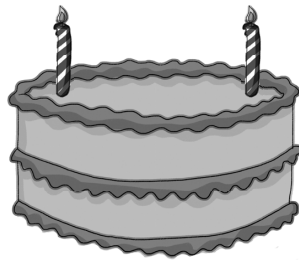

You will need:

- glue
- scissors

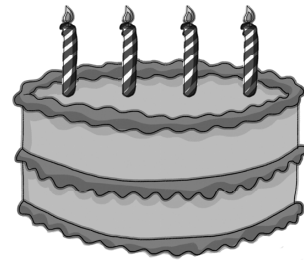

- I can find one more and one less than any number between 1 and 10

1 more

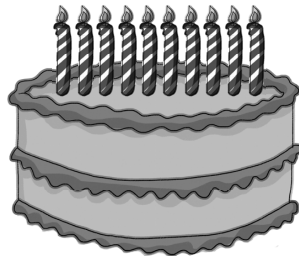

1 less

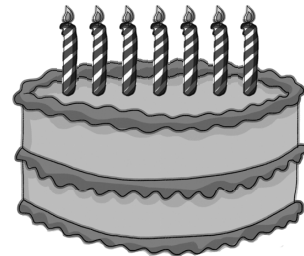

1 more

1 more

1 less

1 less

What to do

- Cut out the cakes from the bottom of the sheet and put them to one side. Look at the first cake. How many candles does it have? Find the cake that shows 1 more candle and glue this cake into the space. Do the same for the other 5 cakes, finding 1 more or 1 less candle each time.
